Assembly instructions and important information WAD 37

Technical details:

Power supply: 110-240 V / 50-60 Hz

Bulb socket: E27

Protection class: I

Maximum wattage (thermal):

halogen 250 W

Recommended bulbs:

energy-saving bulb 24 W

Safety instructions:

- Never cover the luminaire with a cloth – fire hazard!
- This luminaire may only be wired to the mains by a qualified electrician.
Improper connection causes safety hazards!
- Always ensure that the electricity is switched off when working on the luminaire or changing the bulb.
- Have repair work performed only by an authorized electrician, because electrical power can cause severe injuries!
- Some of the lamp components may get very hot in operation! Avoid skin contact with these components to prevent burns.

Care of lamp:

For the chrome plated parts use a chrome polish.

For cleaning the wood-arm and the brass parts, treated with zapon, please only use a cotton wool.

Mounting the luminaire:

- Position the lamp in the intended location and mark the drill-holes positions on the wall.
- Make the drilled holes with a 6 mm masonry drill.
- Have the electrical connection installed by an electrician as shown in the connection diagram.
- Fit the luminaire light casing to the wall by using the enclosed screws and rawlplugs.
