

FontanaArte

AMAX - Design Charles Williams

Cod. 5444 AMAX

TENSION: 120V

MAXIMUM POWER: 3X MAX 150W

USE ONLY TYPE T SHIELDED OPALINE LAMP

CAUTION:

Disconnect current prior to any assembling or repair

To adjust the lamp length, lengthen or shorten the steel cable

Before making connections, realize a strain relief by a UL knot between the junction box and the junction box cover

Make the connections (splices) by connecting the wires between junction box and the junction box cover

Fix the junction box cover and the cross bar

Hang the fixture on the hook that is on the cross bar, as shown in the figure (page 2)

Close the plastic canopy cover fixing it with the screw
